Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (currently amended): A sealed container with enclosed opening means comprising an elongated tubular housing with a sealed end and an open end, a liquid enclosed within the elongated tubular housing near the sealed end, an enclosed opening means disposed inside the elongated tubular housing sealing the liquid within the elongated tubular housing wherein the opening means may be operated by bending said elongated tubular housing near said enclosed opening means to release the liquid from the elongated tubular housing.

Claim 2 (original): A sealed container with enclosed opening means as in claim 1, wherein said enclosed opening means comprises of a cylinder with an outside diameter approximately that of the inside diameter of said elongated tubular housing defining a liquid flow path from the liquid to the open end of said elongated tubular housing and an elongated protrusion that is separable from the cylinder extending from an end of the cylinder near the liquid and sealing the liquid flow path.

Claim 3 (original): A sealed container with enclosed opening means as in claim 1, wherein said enclosed opening means comprises of a hollow cylindrical body with an open end disposed toward the liquid and a sealed end with an elongated member extending therefrom to the open end of the elongated tubular housing with a frangible section formed on the hollow cylindrical body near the sealed end of the hollow cylindrical body.
